REPORT ON Th. M. Rohn.

Made by D.S.I. Brewster.

Forwarded by Chief Detective Inspector

Sir,

Th. M. Rohn, who is a German, has lived with his wife and children at No. 11 Great Western Road for quite ~~some~~ a few years. He previously had an office at 38 Kiangse Road where he imported piece goods, chemicals and drugs but the place was closed down about a year ago. He now appears to be doing some curio business among Chinese but is said to be in financial difficulties. I am informed that his landlords, the Hongkong and Shanghai Banking Corporation have been trying, without success so far, to get him ejected from his house, a rather large one with grounds, for non-payment of rent. He is about 45 years of age, rather short and stout, has a round fat face, clean complexion, fair hair rather bald on top, and fair moustache. He appears to be a very quiet reserved sort of man and takes little interest in anything beyond his business and his home.

W. Brewster,
Detective Sub-Inspector.

Sir,

Arrangements are being made to have the man referred to in attached letter watched according to instructions.

The original request for information regarding him came from Sir Edward Fraser who it appears was instructed by the Home Authorities to the effect that a man who was stated to have come from Japan to Shanghai was a German Secret Service agent and should be shadowed. The name was not known but the Japanese Consul General through the agency of the Japanese Post Office here discovered that a Captain Blomeyer was receiving letters from Japan addressed to him at No. 54 Avenue Subail. It was then ascertained that Blomeyer had come from Yokohama where he had a residence but the Japanese Authorities there had no knowledge of his being a secret service agent.

The address was given to Mr. Kahn Consul General for France and he instructed the Police of the French Concession to have a watch kept on the movements of Blomeyer.

He is married to a Japanese who has now gone back to Japan, it is said, to sell some property which her husband owned at Yokohama.

A passport was applied for, on her behalf, by Mr. Sammons the U.S.Consul General. Mr. Ariyoshi refused to issue one and she presumably has gone without it.

His daily itinerary during the five months that he has been shadowed in the French Concession was not at all interesting. He visited the German School on the Avenue Paulun very frequently, the German Consulate almost everyday, was many times at the Hospital where his wife was for a long time on two occasions and spent the time when his wife was not with him in solitary walks.

In fact as far as the results of the surveillance by the French Police was concerned they might as well have shadowed any other German who lives in the French Concession.

W. W. Mustaine

Sir,

Th M Rohn has an office at No 38 Kiangse Road. He is an importer of piece goods and of chemicals and drugs. Further enquiries are being made.

O Peking who was referred to in the report of Nov 24th left for Woosung on the forenoon of the 25th. Mr Cassel suggests that his mission is to plant anti British sentiment in the minds of the students at the Naval college there. The house which he occupied is now vacant, the other gentleman having gone to the German Club.

Mr Cassel alleges that the Germans are "conspiring with the members of the Koh Ming Tong in Shanghai to create trouble in China but we have no information of this, neither have the French Intelligence Dept.

Sir,

I have been informed that a German subject named Button, supposed to be in some way or other connected with Messrs Garlowitz, has been enabled to take out American Citizenship papers at the U.S.S. Consulate through the instrumentality of Mr. Blake of the Standard Oil Co., and intends to proceed to Tsingtao where, in some way or other, ^{he} expects to do damage. Button, I am further informed, speaks English without the least accent.

Shanghai; 24th November

Sir,

Sir,
Mr Cassell British Secret Service Agent residing at the house of Mrs Limby in Jinkee Road informed Detective Inspector Eek on the 23rd that a German named O Dopking manager of A Wulfing & Co No 6 Kukkiang Road and who resided at No 160 Bubbling Well Road, was formerly a German Secret Service agent in England, that he was sent out to China in connection with this same service and that his actions at the present time were not altogether without suspicion. Information was supplied by a Mr Norbury the father of a young man employed with Wulfing & Co to the effect that Dopking kept always 2000 or 3000 dollars in ready money in the safe to provide against contingencies which were not likely to arise in the ordinary course of business, that he was at present intending going to Woosung, that he was searching for a suitable box or trunk to be taken to his house on Bubbling Well Road in which to store something (probably explosives). It was stated that he was living with two other Germans.

Inquiries were made by D S Sullivan who reported that the tenant of the house was originally a Mr F Ehrenfeld, an Assistant Sanitary Inspector in the employ of the Health Sept of the S M C, who being a reservist of the Austrian army left Shanghai and endeavoured to return to his country to rejoin the colours on the outbreak of the war but being unable to get further than America on the homeward journey he returned to Shanghai and resumed the work he had left. He is at present staying with a Mrs Rosenthal at No 164 Bubbling Well Road, is engaged to be married to the daughter of that lady and will return shortly to his former residence. D S Sullivan ascertained that Mr Dopling is packing up to go to the Woosung Hotel to-day (24th), that he had asked his boy to go along with him to that place and that the latter had declined. The Det Sgt also ascertained that there was another German in the house who was removing in the evening to the German Club. The name of the latter as given by the Chinese is Lamla (?). A third man at one time lived here also but he left about a month ago. His name has not yet been ascertained.
